Kendermanns

Kendermanns is the dynamic German wine brand that provides high quality, contemporary wine styles and meets the individual needs of today's consumers by offering a wide range of outstanding quality wines. This wine originates in the Mosel wine region, the most prestigious German wine region. It is named after the Moselle, the biggest tributary of the Rhine. The Mosel region is one of Germany's key wine-producing regions and creates very characteristic white wines, with generally low alcohol, fine acidity and flowery aromas. This wine is typical of such a style, but is made in a modern way to appeal to today's discerning wine drinker. The grapes for this wine come from vineyards situated along the River Mosel, where the warm and sunny climate provides ample sunshine to ripen the grapes.
